ABOUT

Born on 24/04/1998

i'm very passionate about computers since my young age mostly due to video games but now i took my passion to the next level by applying to RBK reboot camp which made me a confident fullstack developer in just 4 months, i love the challenge of learning new things and im always hungry for more, i loved every minute spent in the camp and i wish i find the same environement in my future work place.

EXPERIENCE

Mind Lab

THESIS PROJECT AT RBK | Period: 1 month
Concept: Community based e-learning platform.
https://gentle-brushlands-94574.herokuapp.com

- Role: Developer
- Using the "MEAN" stack.
- Cooperating as a team of 4 using the GIT workflow.
- Using multiple technologies and APIs (WebRTC, peer.js, Socket.IO, payment PayPal, Upload Multer & Cloudinary, Authentication OAuth, JWT, Bcrypt, etc...)
- Design BootStrap template.
- Deployment using the heroku platform plus micro-services.

GREENFIELD PROJECT AT RBK | Period: 1 week
Concept: Real estate rental or sale with detailed information about the location and seller.

- Role: Scrum Master
- Using the "MERN" stack.
- Cooperating as a team of 4 using the GIT workflow.
- Design pure CSS.
- Using multiple technologies and APIs (JWT, Bcrypt, Upload Imgur, etc...)
- Deployment using the heroku platform.
